

PREPARATION FOR TRAVEL

WITH YOUR PET TURTLE

CHECKLIST

Choose the Right Carrier

- Select a well-ventilated, secure, and appropriately sized carrier.
- Ensure the carrier is suitable for cold weather, possibly insulated.

Maintain Appropriate Temperature

Use heat packs to maintain a warm environment inside the carrier.

Monitor the temperature regularly.

Pack Essentials

- Bring food, water, and any required medication.
- Pack a small container for water to avoid spillage during travel.

Know the Regulations

Research and comply with any state/country regulations regarding traveling with pet turtles.

Obtain any necessary permits or documentation.
